

INFORMATION LETTER

Dear colleagues,
Scientific and scientific-methodical articles in the field of Physical Culture and Sports are published in the Journal of the Armenian State Institute of Physical Culture and Sport “Science in Sports: Modern Issues”

The journal is included in the list of scientific publications of the RA Higher Education and Science Committee

Basic sections of the journal

1. Pedagogical and psychological aspects of physical education and sport training
2. Medical and biological aspects of physical education and sport training
3. Aspects of adaptive physical culture, adaptive sport and physical rehabilitation
4. Socio-economic, legal, management and historical aspects in the field of physical culture and sport

Articles are accepted in Armenian, English and Russian.

N	Admission	Publication
1.	December 1 – March 1	May
2.	April 1 – <i>August 15</i>	<i>October</i>
3.	August 1– November 1	December

Technical Requirements

- On the top left-hand corner *Universal Decimal Classification* – UDC code of the article must be indicated
- 1 interval below: in the center of the page, the title of the article is written in capital letters (in bold and font size:12)

- 1 interval below: on the right, with one line - the authors' (maximum 4) names, middle name initials, surname fully (in bold, font size:11)
- 1 interval below: on the right - the complete name of the organization, city, country (in bold, font size:11)
- 1 interval below: across the width of the page – the keywords (8-10 words)
- 1 interval below: the main text is presented in a separate paragraph
- The whole volume of the article must include **9-10 full pages (including tables, diagrams, maps and pictures)**
- Text format: The paper size must be A4 (210x297mm), in MS Word Document (docx) 2007, font in GHEA Grapalat (Armenian), Times New Roman (English and Russian), font size12, with the text justified and no word divisions.
- Line spacing: 1, 2 cm margin on each side of the page, new paragraph 1 cm.
- The titles of all sections of the article: keywords, relevance, research purpose and aim, research problems and etc. are marked in bold.

TEXT STRUCTURE

Key words: Includes key words or phrases from the research that describe the essence of the material.

Research relevance: The section includes the issue study importance, state and its reflection in literary sources.

Research aim, problems: The purpose of the research is the result that is sought to be achieved during the study.

Research problems are specific actions or steps that need to be carried out in order to achieve the research objective.

Research methods and organization: The methods, devices, the number of those researched, research organization (place, duration, period) used during the study are stated in one line.

Research results analysis: Data, facts obtained in the result of the research are presented and analyzed in this section, tables and diagrams (**in total not more than 4**, black and white) are also provided. In the absence of a number in the box of the table, a hyphen is placed.

Conclusion: The section must include brief conclusions based on the research results without repeating the formulations given in other sections of the article (suggestions can also be submitted).

References: From **10 to 15** literary sources are numbered alphabetically, 30 % of which should be publications of the last 10 years.

At first, the sources in the language of the article are given, after that, those in a foreign language. References in the text are made in square brackets, indicating the serial number of the source of literature, for example [3] or [1,5,6].

Abstract: The abstract is presented in 2 languages: The article in Armenian with English and Russian abstracts, the article in Russian with Armenian and English abstracts, the article in English with Armenian and Russian abstracts.

The abstract is a brief summary of the material, according to the structure below:

The abstract of the article should include

- The title of the article in the center of the page, in capital letters, bold, (font size: 12)
- 1 interval below, aligned to the right in one line: The initials of the authors' first and middle names (up to 4 authors) and the last name in full, in bold (font size 11).
- 1 interval below, aligned to the right: The name of the organization, city, and country, in bold (font size 11).
- 1 interval below, centered on the page, in capital letters, bold, font size 12 ABSTRACT
- 1 interval below: The following sections of the abstract should be clearly distinguished:

1. Keywords (8–10 words)
2. Research Relevance (3–4 sentences)
3. Research Aim
4. Research Methods and Organization
5. Research Results Analysis
6. Conclusion

The total length of the abstract starting with keywords should be 230-250 words.

Abstracts in foreign languages are of great importance, as they include all the necessary information regarding the article for foreign specialists of the field. Based on an abstract the specialist can study the article thoroughly and compile adequate references.

.....

1 interval below the abstract: font size 11, information about the author\authors is given: full name, middle name, surname in full, academic degree, academic title, position, (chair, department), full name of the organization, city, country, the author's e-mail, ORCID, (if available).

Information about the authors is presented in 2 languages: for Armenian text: Armenian and English, for Russian text: Russian and English, for English: English and Armenian.

The articles not meeting the above mentioned requirements will not be accepted nor sent to the editorial committee for further reviewing.

Within 10 days, the author is informed about the acceptance of the article, or about the refusal of the article through his e-mail address, as well as about making the necessary corrections within 7 days. Corrections should be highlighted in yellow.

It is required to submit the materials in electronic version and in one printed form.

The article must not have been published earlier.

The author is responsible for the content of the article.

Each article is checked by an anti-plagiarism. In the case of 30-39% plagiarism, the article may be published in the next issue of the journal after correction, in the case of 40% or more, the author is deprived of the right to publish any article for 6 months.

Each author can submit one scientific paper in one issue of the journal with or without co-authors.

Each article is assigned a digital object identifier, DOI.

Postgraduate students and applicants (without a co-author) must provide an opinion of a scientist or a leading specialist in this field together with the article.

Articles should be submitted to the following address:

Yerevan 0070, Aleq Manukyan 11, 2nd floor-Scientific and Methodological Department,

Yeranuhi Simonyan, e-mail: eranuhi.simonyan@sportedu.am

Tel. (010) 55-33-10/1-64, 055-36-89-19

Formulation Pattern
